OI, EO of PA 4 DOWNELLAND TO LO (Koor (* 10,0ADR December 9, 1962

MEMORANDUM FOR THE MSC EXECUTIVE COMMITTEE

SUBJECT: Cuba Negotiations

On the assumption that we go shead with the publication of unagraed statements, in or out of the UN Security Council, we believe that the best text of the United States statement would be the original draft as handed to Kuznetsov Hovember 24th (DEPTEL 1339 as modified by the "Eyannisport draft" in DEPTEL 1360). We have made two small modifications in that original draft; they are indicated in the following text:

DRAFT U.S. Declaration

In letter of President Kennedy on October 27 and of Premier Ehrushchev and President Kennedy on October 28, 1962, firm undertakings were made regarding the settlement of the Cuban crisis.

. These undertakings were stated in President Kennedy's letter of October 27, and quoted in the Acting Secretary General's letter of October 28, along the following lines:

- (1) The USSR would agree to remove from Cuba, under appropriate United Nations observation and supervision, all weapons systems capable of offensive use and would undertake, with suitable safeguards, to halt the further introduction of such weapons systems into Cuba.
- (2) The United States would agree upon the establishment of On as Only: adequate אַנויבור עוספען () 020 / 27 1-1 1 . . . () DUWINGRADE TS to () S or () C OADE) DELETE Non-Responsive Into

The Examptions

adequate arrangements through the United Nations to ensure the carrying out and continuation of these commitments -- (a) to remove promptly the quarantine measures now in effect, and (b) to give assurances against an invasion of Cuba. The President also expressed his confidence that other nations of the Western Hamisphere would be prepared to do likewise.

The United States notes the statement made by the Soviet Union that all medium and intermediate range missiles, all nuclear weapons and components have been removed from Cuba, that all IL-28 bomber aircraft will be removed by December 20th, and that all sites for edium range and intermediate range missiles have been dismantled. It notes also that the USSR has stated its intention to withdraw all military units and personnel placed there for the servicing or guarding of these weapons systems. The United States notes further the statements of the USSR that no weapons capable of offensive use will be introduced into Cuba in the future. We welcome these statements and assurances.

The undertakings in the President's letter of October 27, that the United Mations would be enabled to verify the removal of missiles and bombers and the destruction of sites, and that United Mations safeguards would be agreed upon to ensure against further introduction into Cuba of weapons systems capable of offensive use, have not been fulfilled.

A minimum inspection procedure was, however, arroccoperation with the USSR, under which United State naval vessels

have

have received substantial verification that Soviet vessels leaving Cuba have carried away the number of missiles which the USSR had certified to the United States as having been in Cuba. The Soviet Union has also agreed to similar form of verification of the impending withdrawal of all IL-28 bomber aircraft introduced into Cuba.

In view of the steps that have been taken by the Soviet Union to date:

the United States on its part, as of November 20, 1962, lifted the quarantine instituted on October 23, 1962; and the United States further gives assurance that, provided no nuclear weapons or other weapons capable of offensive use are present in or reintroduced into Cuba, and provided Cuba does not take action to threaten the peace and security of the Western Hemisphere, it does not intend, as the President made clear at his press conference on November 20, to invade Cuba or support an invasion of Cuba.

This statement is made on the understanding that by By reason of the refusal of Cuba to permit arrangements contemplated to assure the carrying out and continuation of the commitments in regard to the maintenance and introduction of such weapons systems in Cuba, the United States will, until such time as such arrangements can be effected, continue to employ such other means of observation and verification as may be necessary.

0

The undertakings stated herein do not alter or impair the rights and obligations contained in the United Nations Charter, or the Inter-American Treaty of Reciprocal Assistance, or other treaties to both of which the United States is a party.

carrying out and continuation of these commitments -- (a) to
memore promptly the quarantine measures now in effect, and (b) to
give assurances against an invesion of Cuba. The President also
expressed his confidence that other nations of the Western Hemispheter
would be prepared to do likewise.

The United States notes the statement made by the Soviet Union that all medium and intermediate range missiles, all nuclear scapans of components have been removed from Cubs, that all IL-28 bomber circurate will be removed by December 20th, and that all sites for what savings and intermediate range missiles have been dismantled. It notes what the USSR has stated its intention to withdraw all military mains and personnel placed there for the servicing or Justicing of these weapons systems. The United States notes further the statements of the USSR that no meapons capable of offensive was will be introduced into Cuba in the future. We welcome these statements and assurences.

The undertakings in the President's latter of October 27, that the United Mations would be enabled to verify the removal of missiles and bembers and the destruction of sites, and that United Mations safeguards would be agreed upon to ensure against further introduction into Guba of meapons systems capable of offensive use, have not been fulfilled.

A minimum inspection procedure was, however, arrespondention with the USBR, under which United State mayal to

The Cuban Missile Crisis Revisited: An International Collection of Documents, from the Bay of Pigs to the Brink of Nuclear War

Published by: ProQuest Information and Learning, 300 North Zeeb Rd., PO Box 1346, Ann Arbor, MI 48106, USA

The Cuban Missile Crisis Revisited: An International Collection of Documents, from the Bay of Pigs to the Brink of Nuclear War reproduces a comprehensive collection of records from the archives of the three key governments involved in the most dangerous confrontation of the Cold war. Declassified records from the United States, Russia and Cuba significantly advance analysis of the historical foundations of the missile crisis, the policy calculations and considerations of President John F. Kennedy and premiers Nikita Khrushchev and Fidel Castro, and the overt and covert military and paramilitary operations that combined to bring the world to the threshold of a nuclear exchange. Topics extensively covered in the documentation include the failed U.S.-led invasion at the Bay of Pigs, renewed attempts to overthrow Castro through Operation Mongoose and Operation Northwoods, U.S. military contingency planning for conflict with Cuba, naval warfare, Soviet and Cuban decision making and communications during the crisis, and the repercussions for U.S.-Soviet relations, and Soviet-Cuban relations in its aftermath. Materials were identified, obtained, assembled and indexed by the National Security Archive, a non-profit Washington D.C. based research institute and library. The microfiche collection is accompanied by a printed guide and index.

Arrangement of Information on the Microfiche:

The documents are arranged in chronological order within classes of documents. A unique identification number is assigned to each document. Each new document begins a new line on the microfiche.

Microfiche Numbering:

The unique identification numbers assigned to the documents are listed in the top right-hand corner of the microfiche header.
